

THINKING OF YOU

Dear Mr. Sohn,

2/1/2016

I was so saddened to hear of sweet Mopsy's passing. I want you to know that you and Lulus have been on my mind and I hope you are hanging in there while dealing with her loss. She was an incredible dog with a heart of gold and a spirit that shined. I feel so fortunate that I had the opportunity to know and work with her. Sending you my deepest sympathies and a hope that time will heal the pain and help you focus on all the wonderful memories you had together.
